## Acknowledgments

Lambda Upsilon Chapter of Phi Alpha Theta has published this volume through the generosity of Mrs. Maria Damon. Her gift to the History Department in memory of her late husband Duane enabled this year's journal to be published. Through its continued support the Damon family has made many things possible for the students and faculty in the History Department.

This volume is a compilation of papers written by undergraduate students of history at Santa Clara University. The entries submitted to the Phi Alpha Theta Editorial Board were reviewed, selected, and edited for publication. The editors would like to thank the students who submitted their work for consideration. We were satisfied by the overall quality of the submissions.

We would also like to acknowledge the support and contribution of the History Department faculty, the department chair Professor Thomas Turley and faculty advisors Professors Dorothea French and Steven Gelber for their commitment to and vital role in continuing the annual publication of this journal. Ann Beyer, our production assistant, has been a valuable resource throughout this process.
